This resulted in seventeen property owners receiving notice. In addition seven agencies were also sent a copy of the notice for their comments.

4. i) Purpose of Amendment

Reeve Johnston stated that the purpose of this zoning by-law amendment is to rezone lands 45 metres by 34 metres (1530 square metres) in order to permit the construction of a single detached dwelling on the property.

The effect of this zoning by-law amendment is to rezone the subject lands from Extractive Industrial Reserve (EMR) to Rural – Exception Thirty One (RU-E31). The exception provision exempts the lands from the minimum separation distance required between a new dwelling and an Extractive Industrial Reserve (EMR) Zone. A geotechnical investigation was completed on the property and determined that although mineral reserves are existing on the property, "extraction would be significantly limited by the groundwater conditions."

The lands affected by this amendment are located in Part of Lot 20, Concession 6, Township of Horton.

This resulted in nine property owners receiving notice. In addition eight agencies were also sent a copy of the notice for their comments.

7. i) Purpose of Amendment

Reeve Johnston stated that the purpose of this zoning by-law amendment is to permit a mini storage establishment.

The effect of this zoning by-law amendment is to rezone the 2.13 ha (5.26 acre) from rural (RU) to Rural-Exception Thirty-two (RU-E32) to permit a mini storage establishment.

This resulted in sixteen property owners receiving notice. In addition seven agencies were also sent a copy of the notice for their comments.

10. i) Purpose of Amendment

Deputy Reeve Hall stated that the purpose of this zoning by-law amendment is to rezone approximately 4047 square metres (1 acre) of land to permit creation and development of a new residential lot. The lands to be rezoned constitute the severed parcel in Consent Application B174/06 (5). This amendment is a condition of approval for that severance.

The effect of this zoning by-law amendment is to rezone the subject lands from Rural (RU) to Rural-Exception Thirty One (RU-E31). No building or structure shall be erected within 20 metres of the top of the slope in the RU-E31 Zone.
