

THE CORPORATION OF THE TOWNSHIP OF HORTON

PUBLIC WORKS COMMITTEE

DECEMBER 17, 2008

There was a Meeting of the Public Works Committee held in the Horton Community Centre on Wednesday December 17, 2008. Present were Chair Dave Bennett, Councillor Bob Kingsbury, Mayor Robert A. Johnston, Members Murray Humphries and Rick Lester. Staff present was Jeff Schruder, Municipal Infrastructure Manager.

1. CALL TO ORDER

Chair Bennett called the Meeting to Order at 10:30 a.m.

2. ED VICKERS, STANTEC ENGINEERING - BUILD CANADA APPLICATION

Chair Bennett asked Mr. Vickers to set out points that we could use to discuss our application if a meeting is arranged with a Provincial Minister. Mr. Vickers suggested stressing that Garden of Eden Road is a detour route for Highway 17 between Bruce Street and Storyland Road.

Mr. Vickers also reviewed the application with the Committee Members. The Committee discussed what would be covered under the engineering cost that was set out in the application.

Committee Members expressed concern with the total cost estimate of the road construction of \$1,955,000 and asked why the estimate was so large. Mr. Vickers stated that the design requirements were higher than normal road standards because of the need to design for the heavier detour traffic volume and weights. He added that once the engineering is completed the cost could be cheaper which would not affect the application.

Chair Bennett thanked Mr. Vickers for attending.
