Mayor Eady suggested that the Chief Building Inspector attend the next fire meeting to discuss the location of the pump building and washroom facilities. He also inquired about a dry hydrant being located at the boat launch prior to a final site plan drawing. Fire Prevention loot bags were distributed which contain glow stick, crayons, colouring book, and some chocolate. The bag itself was highly reflective and could be used for trick or treating.

There was dispatch training which included communication and radio use for the department. There is also ongoing maintenance and updating of weekly procedures for any item within the department which has a motor.

Booklets have been ordered to distribute with the smoke detectors.

Chief Corbin noted that the department will probably be advertising for firefighters as there are down to retirements. Should be advertising in the New Year.
