

THE CORPORATION OF THE TOWNSHIP OF HORTON

CN TRAIL MEETING

October 16, 2014

There was a meeting held in the Municipal Council Chambers on Thursday October 16, 2014. Present was Councillor Glen Campbell, Mayor Don Eady, David Bennett, Kathleen Rogers, Recreation Program Manager, Janet Collins, Public Works Manager and Mackie McLaren, CAO/Clerk.

Councillor Campbell agreed to Chair the Meeting.

He called the Meeting to Order at 4:45. He said he had received an email from a member of the Whitewater Sno-Goers snowmobile club on October 14 who had expressed concern that there wasn't recognition of the contribution of the snowmobile club to the trail upgrades in the MyFm news website and requested this meeting. Unfortunately, the member was not at this meeting.

Mayor Eady said he contacted the member last evening and explained that he did set out the contributions of the snowmobile club at the CN Trail opening held October 10, 2014. The member said he was satisfied with the response.

The CAO/Clerk left the meeting to attempt to contact the member. When he returned he said that the member was not attending but had confirmed speaking with Mayor Eady and all was satisfactory.

Mayor Eady referred to the preparation of the Trail hand book that was made up by staff and handed out at the opening. It was agreed by the people in attendance that if Councillor Campbell would forward a picture he took of the snowmobile club volunteer brushing crew last fall it can be added to the front section of the hand book.

The people present also agreed that the club also be recognized with a thank you in an upcoming Horton Corner ad.

Councillor Campbell declared the meeting to be adjourned at 5:20 pm.

CHAIR

CAO/Clerk
